Think how it is better? (compare + contrast)

State your opinion clearly.

O pinion I believe a parliamentary democracy is a great type of government.

R Reason I feel this way because this type of democracy has a leader, called a prime minister that can serve longer terms than a president.

(support) **E** xample For example, a president in the USA can only serve for four years, but a prime minister can serve much longer.

R Reason Another reason I like a parliamentary democracy is because most countries with this type of government have a monarch.

(support) **E** xample The United Kingdom has a queen and I think that is pretty cool to have royalty in your country!

O pinion restated As you can see, I think parliamentary democracies are the best.
